international investment law is in transition whereas the prevailing mindset has always been the protection of the economic interests of individual investors new developments in international investment law have brought about a paradigm shift

there is now more than ever before an interest in a more inclusive transparent and public regime shifting paradigms in international investment law addresses these changes against the background of the unctad framework to reform investment treaties the book analyses how the investment treaty regime has changed and how it ought to be changing to reconcile private property interests and the state's duty to regulate in the public interest in doing so the volume tracks attempts in international investment law to recalibrate itself towards a more balanced less isolated and increasingly diversified regime the individual chapters of this edited volume address the contents of investment agreements the system of dispute settlement the interrelation of investment agreements with other areas of public international law constitutional questions and new regional perspectives from europe south africa the pacific rim region and latin america together they provide an invaluable resource for scholars practitioners and policymakers the individual chapters of this edited volume address the contents of investment agreements the system of dispute settlement the interrelation of investment agreements with other areas of public international law constitutional questions and new regional perspectives from europe south africa the pacific rim region and latin america together they provide an invaluable resource for scholars practitioners and policymakers

shifting paradigms is addressed to all student affairs professionals whose primary focus is student learning faculty members in preparation programs senior administrators and student development educators in residence halls student unions or career counseling offices will use the ideas presented in different ways nevertheless the book has a common purpose for all readers which is to assert the educational functions of student affairs and services and to situate student development education solidly within the mission of colleges and universities in the united states this goal is achieved through examination of some of the diversity issues which are troubling so many campuses today diversity is broadly construed to include differences related to race ethnicity sexual orientation gender and disability status as well as differences in perspective generated by professional roles and philosophy this book presents a new paradigm for the profession of student affairs

and the practice of student development co published with american college personnel association

human behavior theory and social work practice remains a foundation work for those interested in the practice and teaching of social work roberta greene covers theoretical areas and individual theorists including classical psychoanalytic thought eriksonian theory carl rogers cognitive theory systems theory ecological perspectives social construction feminism and genetics she discusses the historical context its philosophical roots and major assumptions of each theory the general theme which distinguishes this volume is that the person in environment perspective has been a central influence in the formation of the profession s knowledge base as well as its approach to practice greene provides perspective on how individuals and social systems interact this book examines how social workers can use theory to shape social work practice by increasing his or her understanding of and potential for enhancing human well being greene covers the relationship between human behavior theory and professional social work practice she also explores the challenges and limitations of each theory and addresses the following issues how the theory serves as a framework for social work practice how the theory lends itself to an understanding of individual family group community or organizational behavior what the implications are of the theory for social work interventions or practice strategies and what role it proposes for the social worker as a change agent throughout the profession s history social workers have turned to a number of theoretical approaches for the organizing concepts needed to define their practice base the aims of social work to improve societal conditions and to enhance social functioning of and between individuals families and groups are put into action across all fields of practice and realized through a variety of methods in a range of settings this third edition completely revised represents a fundamental contribution to the field and like its predecessors will be widely used as a basic text

comprises five papers and discussions presented at a forum which aimed to identify paradigm shifts required for future international development based on a review of un global conferences held during the 1990s focuses on the challenges of poverty good

governance and partnership in the globalized economy

---

this book takes a historical approach to analyse ideologies policy approaches and development systems that have constructed the paradigm of international social development it aims to review the social construction of development by tracing the historical dynamics of the modern ideologies and political economy of industrialization colonization the cold war and globalisation to examine the process of reconstruction of development as social development based on alternate ideologies and alternate policy approaches and review the roles played by the development systems and to trace the history of social policy approaches from welfare to rights based universal comprehensive and preventative social policies for social development and identify the roles played by non government organizations and the social work profession

wocihitowin is the first canadian social work book written by first nations inuit and moris authors who are educators at schools of social work across canada the book begins by presenting foundational theoretical perspectives that develop an understanding of the history of colonization and theories of decolonization and indigenist social work it goes on to explore issues and aspects of social work practice with indigenous people to assist educators researchers students and practitioners to create effective and respectful approaches to social work with diverse populations traditional indigenous knowledge that challenges and transforms the basis of social work with indigenous and other peoples comprises a third section of the book wocihitowin concludes with an eye to the future which the authors hope will continue to promote the innovations and creativity presented in this groundbreaking work
